

DUOVac UK

Introducing the Kompact BY DUOVAC

- Perfect for small areas (up to 1500 sq.ft./150 sq.m.)
- Power Unit, complete with hose and attachments
 - Built with a new generation of environmentally friendly motors (consume less energy)

Features / Benefits

Dust is collected in a paper bag, which is easily replaced due to the quick and easy access to the bag compartment

The Kompact Power Unit has an aluminium and steel body which is covered with an epoxy powder paint for long life durability

The Kompact Power Unit can be installed vertically or horizontally for greater flexibility

The power unit is built with the latest motorized technology (Advantek II - Plus), which makes it very quiet and extremely powerful for its size

Swivel base (360°) for ease during installation

The DuoVac Kompact System includes:

- ACC-0632 9.1m (30 ft) Flexible Hose
- ACC-0478 Combo Tool
- ACC-0495 Utility Tool
- ACC-0496 Crevice Tool
- ACC-0502 Round Dusting Brush
- ACC-0513 Telescopic Wand
- ACC-74-N Tool Caddy
- ACC-01 Hose Hanger
- FILTRE-045 Paper Bag Filter (6)
- KIT-SIL-02 Muffer
